Item 5.02(d) Election of Director

On March 18, 2016, Q2Power Technologies, Inc. (the “Company”) named Scott W. Whitney to the Company’s Board of Directors.

Mr. Whitney is currently CEO of Liberty Tire Recycling Co., a major provider of tire recycling services. Prior to this, he was CEO of Greenwood Fuels, a company that manufactures renewable fuel pellets from non-recyclable by-products. For over 25 years, Mr. Whitney served in several executive roles at Covanta Holding Corp., a \$2 Billion waste-to-power company traded on the NYSE, including President of Covanta’s European group, and Senior Vice President of business development at Covanta Energy Group where he oversaw the development of their waste-to-energy, independent power and water/wastewater treatment businesses in North America, South America, Europe and the Middle East. He is a current member of the Board of Directors of Epcot Crenshaw, a research and development company based in West Chester, PA, and its subsidiary, Green Harvest, a company that develops and operates integrated anaerobic digestion and gasification facilities. Mr. Whitney is a frequent speaker at various industry events for organizations such as Forbes Magazine, UK Trade & Investment, and the US Department of Commerce. He received his BS in Marine Engineering from the United States Naval Academy and served as an officer in the United States Navy.

As compensation for his services on the Board, Mr. Whitney will receive options to purchase 400,000 shares of common stock, vesting half immediately and half in six months, terminating in five years and exercisable at the higher of \$.50 or the current market price at the time of grant. Mr. Whitney has no family relationships with any other Board member, and is not party to any other related transaction. He has not been assigned membership in any Committee of the Board at this time.

Item 9.01 Financial Statements and Exhibits.

(b) Exhibits.

99.1 Press Release announcing Scott Whitney’s appointment to Board of Directors

SIGNATURES

Pursuant to the requirements of the Securities and Exchange Act of 1934, the Registrant has duly caused this Current Report to be signed on its behalf by the undersigned hereunto duly authorized.

Q2POWER TECHNOLOGIES INC.

Date: March 22, 2016

By: /s/ Christopher Nelson
Christopher Nelson
Chief Executive Officer

**Scott Whitney, Leading Executive in Waste-to-Power Industry,
Appointed to Board of Directors of Q2Power**

Lancaster, Ohio; March 22, 2016 - **Q2Power Technologies Inc.** (OTCQB: QPWR) announced today that **Scott W. Whitney**, a senior executive with 30 years' experience in the renewable energy, waste-to-power and water/wastewater treatment industries, has joined the Company's Board of Directors. Mr. Whitney's current and previous industry positions include:

- Current CEO of Liberty Tire Recycling Co., the world's largest provider of tire recycling services, reclaiming approximately 140 million discarded tires per year in the US and Canada;
- Former CEO of Greenwood Fuels, a Green Bay, WI based company that manufactures renewable fuel pellets from non-recyclable by-products of various manufacturing processes such as paper, label and packaging production;
- 25 years at Covanta Holding Corp., a \$2 Billion waste-to-power company traded on the NYSE, including serving as President of Covanta's European group, and Senior Vice President of business development at Covanta Energy Group where he oversaw the development of their waste-to-energy, independent power and water/wastewater treatment businesses in North America, South America, Europe and the Middle East; and
- Current member of the Board of Directors of Epcot Crenshaw, a research and development company based in West Chester, PA, and its subsidiary, Green Harvest, a company that develops and operates integrated anaerobic digestion and gasification facilities.

In addition, Mr. Whitney is a frequent speaker at various industry events for organizations such as Forbes Magazine, UK Trade & Investment, and the US Department of Commerce. He received his BS in Marine Engineering from the United States Naval Academy and served as an officer in the United States Navy.

"We are thrilled to have Scott join our Board of Directors," stated Kevin Bolin, Q2Power's Chairman. "Scott is a talented, thoughtful and respected leader with extensive experience and a track record of success in the renewable and alternative energy fields. I have known and worked with him for over 10 years and am confident he will add tremendous value to our company."

"I thank Kevin, Chris Nelson and the Q2Power team for this opportunity to help bring their vision to market. I believe there is great need for scalable waste-to-power and waste management solutions like Q2Power offers, the demand for which will only grow as economic and regulatory imperatives place more emphasis on the producers of waste to manage their own resources," stated Mr. Whitney.

Mr. Whitney's compensation as director is comprised solely of stock options issued at above-market prices, vesting over the next six months.

About Q2Power Technologies

Q2Power's technology provides a new, cost-effective solution to dispose of waste by converting it to electricity and useful heat. Because of its containerized, modular design, the system can be deployed with minimal time and expense at thousands of small-scale facilities that must dispose of waste such as used fuels, methane and biogas, at increasingly greater costs. Q2Power installed its first system this summer at an Ohio wastewater treatment plant and is on track to deploy commercial units to meet customer demand for both liquid and gaseous fuels systems early in 2016.
